

First Nation ASETS - Employment and Training for our Peoples

There are 57 First Nation Aboriginal Skills Employment and Training Strategy (ASETS) locations across Canada, serving approximately 850,000 citizens living in their own communities or in urban areas.

Regardless of location – rural or urban – each ASETS location occupies the best position to both understand and serve the unique job market needs, whether it be mining, transportation, energy, forestry, tourism, or in dozens of other sectors.
