

Covid-19 Vaccination Requirements
Clients/Visitors – Re-Opening Sept 27, 2021
Created by: Cheryl Bailey
Approved: September 27, 2021

AETS COVID-19 Vaccination Requirements for Clients/Visitors Upon Re-Opening of Office September 27, 2021

All clients and visitors will be required to make appointments ahead of time (at least 1 hour) including walk-ins due to the availability of meeting and/or client space.

All clients and visitors will be screened for Covid-19 prior to entry. Clients and visitors who do not pass screening, are ill or have any symptoms will not be allowed entry to the AETS office.

Clients and visitors must provide proof of double vaccination along with valid picture identification to be authorized entry to AETS. Unvaccinated clients or visitors must provide a negative Covid-19 test within 48 hours of intended visits.

Unvaccinated clients or visitors may still be served virtually or by phone rather than in person.

Training that occurs in person will require proof of double vaccination along with valid picture identification. Clients in training who are not vaccinated must provide proof of a negative Covid-19 test every 3 days (Monday, Wednesday and Friday) prior to attending their scheduled training.

This policy is subject to change as Covid-19 circumstances change in accordance to Health Canada, local Health Unit and or legislative guidelines.
