

Indoor Environmental Quality & Hazardous Building Materials Training

- Are you interested in the Environment or Health and Safety?
- Do you want to learn about Asbestos, Mould and Indoor Air Quality?
- Is your skill set in Maintenance, Construction or Carpentry and you have experience working in an indoor/outdoor setting?

If you answer yes to any of these questions, then this course is for you!

Anishinabek Employment and Training Services is pleased to offer a **2-day Course (Option to take On-line or In-Person Training)** Indoor Environmental Quality and Hazardous Building Materials Training course.
