Regional Map

What is a Personal Support Worker (PSW)?

- PSWs work under the close supervision of a Registered Nurse and Registered Practical Nurse, providing personal care to residents and respecting their physical, emotional, social, cultural and spiritual needs and preferences.
- PSWs are active members of the care team, assisting in the planning, implementation and ongoing evaluation of individualized resident focused plans of care, in compliance with the Long Term Care Act.

Funding for the Program

- A request for submission was received for the Target Initiative Funding and the work began.
 Mandy Price our Proposal and Partnership Development Officer began writing for funding.
- Once approval for funding was received, Hailey Watson was hired for the position of Project Co-ordinator and things got underway.

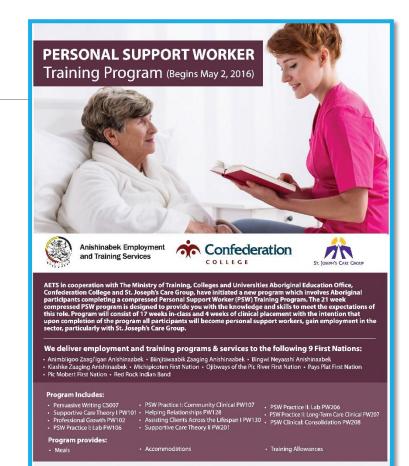

TRAINING, COLLEGES AND UNIVERSITIES

Getting Started

- The first step is getting the word out about this opportunity to the nine communities that we service.
- Developed an advertising campaign
- Printed posters and brochures, advertised on our website and took full advantage of social media.

Our vision is to lead in the development of a skilled Aboriginal workforce, empowering the Anishinabek, respectful of our culture and heritage.

Training Begins – May 2nd

Confederation College

- 21 Weeks long
 - 17 Weeks Theory & Clinical
 - 4 Weeks Consolidation Clinical
- Stages of Clinical Placement
- Program ends September 22nd

Courses for the PSW Program

Course	Description
Persuasive Writing	 Help learners to express themselves clearly, correctly and persuasively in written form Engage in analytical reading and critical thinking Compile and present research in essay form (Following APA)
Supportive Care Theory	• provide the learner with information that will enable them to provide support to the consumer/client
Professional Growth	 Examine concepts of legislation, consumer rights and ethics of care in relation to the role and scope of practice for PSWs Introduce the learner to different types of health care agencies, explore concepts of teaching and learning, as well as time and stress management.
PSW Practice I Lab	Opportunity to practice, in a simulated lab setting
PSW Practice I: Community Clinic	 Opportunity to apply, in a supervised placement, knowledge and concepts learned in the classroom and lab consist of independent learning and clinical experience within a community setting.

Courses – Continued

Course	Description
Helping Relationships	 Concepts of establishing and maintaining helping relationships with clients and their families through a professional, therapeutic approach, Explore the knowledge and skills required to effectively communicate in a variety of situations, Understand and maintain professional boundaries and become a respectful, caring member of the team.
Assisting Clients Across the Lifespan I	 Exploring the general understanding of the structure and function of the human body Identify common diseases and conditions that will help them to provide the care that each client needs.
Supportive Care Theory II	 Examine the role of PSW when providing assistance to the client with health challenges, and explore the concepts involved in providing optimal support and care. Topic areas will include care for the individual, assisting with the family, common medical disorders, mental health conditions and issues, dementia and confusion, death and dying.

Courses – Continued

Course	Description
PSW Practice Lab II: Lab	 Practice in a simulated placement setting concepts and knowledge learned in the classroom. The following lab skills will be included: documentation, hygiene, grooming, urinary and bowel elimination needs, vital signs (TPR & BP), height and weight, non-sterile dressing, and heat and cold application. Advanced skills include oxygen needs, tube feeding, and assisting with medications. This course will also provide the opportunity for the learner to experience the Alzheimer Society's - Virtual Dementia Tour and Gentle Persuasive Approach (PW207).
PSW Practice II: Long-Term Care Clinical	 Opportunity to apply in a supervised placement, knowledge and concepts learned in the classroom and lab. This course will consist of clinical experience within a longterm care setting.
PSW Clinical: Consolidation	 This clinical experience provides the learner with an opportunity to integrate the knowledge and skills acquired throughout the program in a long-term facility under a preceptorship program.

Clinical Placements – 3 Levels
